Property Description

This is the property for you if you are looking for a detached Spanish style villa, on a large plot, well located, only 300 meters from the sea in fact, right in the heart of Cabo Roig and just a couple of minutes from the La Zenia Hotel. Have you even seen the beach at Cala Capitan?

It's possibly the most child friendly bathing area we know of on the Costa Blanca- Even more so that the Mar Menor. The water is quite literally a few centimeters deep for a stretch of 50 or 60 meters. It's beautiful for families with small kids in particular. We love the beach bars there too!! The Villa itself is a Spanish style with four bedrooms, three bathrooms and plenty of room to develop the property both inside and outside...
