Property Description

This plot is located on the cape of San Antonio. This makes it close to the port, the beach and the historic center of Jávea! The plot is 1500 m² and up to 2 floors may be built. If a house is built there is a beautiful view from the second floor over the bay of Jávea. The back of the plot borders with a nature reserve where you can enjoy peace and privacy. Note: There is an antenna mast on the plot. The renders are purely informative to give an idea of how to build on the plot.
