Property Description

We present you this spacious classic style villa with sea views where you can enjoy great moments with your family.

It is located in Tosalet Hills, a very quiet and sought after area of Jávea, just 5 minutes from the Arenal area, where you can find all services such as supermarkets, pharmacies, shops and restaurants, as well as a beautiful sandy beach where you can go for a swim or rent a boat to explore the coast.

Although the kitchen and bathrooms could do with some updating, it is a great opportunity to create those spaces you have always dreamed of.

It has 5 large bedrooms, so everyone can have their privacy...
